SAFETY INSTRUCTIONS

- Do not deviate from the age range and Care Level stated on the BOOK.
- If you become aware of any citizen deviating from the age range and Care Level of a BOOK, or part thereof, Report immediately to your designated Care Unit or to the nearest Care Agent.
- If you become aware of any citizen encouraging or facilitating deviation, Report immediately to your designated Care Unit or to the nearest Care Agent.
- Do not exceed the recommended daily amount.
- Do not use a BOOK while operating machinery.
- If ordered or advised to discontinue operating a BOOK, do so immediately.
- If operating a BOOK for longer than 20 minutes, Report to your designated Care Unit within 20 hours.
- Do not operate more than one BOOK during a 25 hour period without prior Authorisation.
- Follow the specified direction of the BOOK.
- Avoid connecting one part or sub-unit of a BOOK with another part, or with parts or sub-units of other BOOKs, without prior Authorisation. If this does occur seek immediate Care Unit advice.
- Always adhere to the prescribed medication or Care regime before and after operating a BOOK.
- Do not connect a BOOK to a charging device/outlet or any other form of power or communication source.

Enjoy your BOOK.

SPECIFICATION

The BOOK is self-maintaining.

Storage units are supplied separately.

Every BOOK is supplied pre-named. It is illegal to give a name to a BOOK. If you see a BOOK without a name, do not touch it, but Report immediately to your designated Care Unit or to the nearest Care Agent.

A BOOK is a collection or series of double-sided flat surfaces connected along one edge, with an outer coating to the exposed surfaces and the connective edge. The sheets are made of organic-based materials.

PRE-OPERATIONAL REQUIREMENTS

Complete accredited course RX-1973-2-42106-54.221005.

Complete the accredited course numbers stated in the Care Directorate for the designated BOOK.

Register the prescribed medication or Care regime.

Complete License Protocol NQ-1008-1-22315-16.1520.

Run Protocol CX-4047-1-27404-968.32.80006.470002 'Mind backup' Protocol.

INSTRUCTIONS FOR SAFE USE

1. Remove pets, other humans, and class 7 insects. Close window. Ensure temperature between 241K and 504K.
